

Paper Plate Dream Catchers

Goal: The goal of this activity is to encourage students to think creatively and to provide them with the opportunity to be creative.

Materials -

- Paper plate
- String
- Markers
- Construction paper or magazine clippings
- Beads
- Glue / Tape
- Scissors
- Hole puncher

Procedure -

1. Cut out the center of the paper plate, leaving just the outer ring
2. Using a hole puncher, create holes along the outside ring
 - a. You will thread the string through these holes
3. Have the students decorate the outer ring with beads, marker, magazine clippings, etc
4. Take a piece of string and have the students thread them through the hold made earlier
 - a. There is no right way to do this so encourage them to try to create a pattern.
